

## **BIRTHDAY WISDOM AND WISHES**

Another birthday! Praise the Lord!  
Each new one caps a year's reward  
Of memories and lessons gained  
And help divine, when you felt drained.

You start another round today....  
Remember, you can daily pray  
That Jesus makes your pathway clear  
To walk with Him throughout the year!

We pray God grant you gifts of health,  
New treasure stores of wisdom's wealth,  
His loving touch on heart and soul  
With grace to guide toward Heaven's goal.
