

## GOD IN ALL CREATION

I see the Lord in nature—  
not deity *per se*,  
but every living creature  
alive beneath His sway.

And I see God in people—  
not just in those who raise  
their voice beneath a steeple  
to worship Him in praise.

For all of this creation  
was carefully designed  
from God's imagination,  
from His exquisite Mind.

But we, who bear His likeness,  
were blest with songs to sing  
and lips to laud His brightness  
in each created thing.
