

## HEAVEN AND HELL

“Consuming Fire, Eternal Light,  
Who shines Your grace to heal our sight;  
Life-giving Flame and Loving Blaze,  
Our open hands to You we raise,  
Secure within Your purging gaze,  
With joy we praise: we sing our praise!”

“Unceasing Heat, Infernal Light,  
That fries our souls, disrupts our night;  
Tormenting Blast and Burning Fate,  
Our fists we raise in stern debate,  
Enraged beneath your scorching Weight,  
In pain we hate: we scream our hate!”
