

## IMAGINATIONS

He saw a possum prowling  
    our neighborhood last night,  
but watching too, I'm certain  
    that it was just a rat.  
She trembled at a tiger . . .  
    it gave her such a fright!  
But look! I have the photo:  
    a scrawny feral cat!

Appearance can deceive the sight,  
projecting fears. . . . Imagine that!
