

## PORN PUSHER

While Hell rejoices, Heaven weeps,  
For God will judge your godless peeps.

While Heaven's closing, Hell is hot  
To gulp you down with all your rot!

While you are laying traps for fools,  
Inviting them to break God's rules,  
The demons stoke the torture pit  
To drain your soul by broiling it.

While you are fanning flames of lust,  
Your day of flesh approaches dust,  
And Satan fans his own desire  
To watch you squirming in its fire.

Before you take your final breath  
And meet your Maker after death;  
Before the thread of grace is cut,  
With Heaven's door of mercy shut;  
Before this rhyme has all come true,  
And Hell's foul gut has swallowed you—  
Repent, and stop your pushing porn,  
Or curse the day that you were born.
