

RELATIVELY TRUE

When sinners want to hide their sin,
I've heard them, quite a lot,
Insisting, "All is relative!"
But *relative* to what?
By "relative," *relationship*
is verbally implied.
But what they mean is, "Absolutes
and truth should be denied!"

Such *relativity*'s a joke!
With confidence they say,
"I'm sure that what I feel is right
may change from day to day."
They can't *relate* to solid ground
on which to stand or walk,
So float on fantasies proclaimed
in temporary talk.
