

THANKSGIVING DAY

(a song)

1. When contentment is our treasure
and God's peace our chosen pleasure,
then we'll celebrate Thanksgiving loud and clear.
When we stop pursuits of envy,
hush the bids to buy what's trendy,
gratitude will find our tongue for all to hear!

Chorus:

Let us celebrate Thanksgiving
by the grateful way we're living.
God is showering His blessings all year long.
As we walk the path before us,
may our voices join in chorus
letting thankfulness be known in joyful song.

2. Loose the armor, sheath the saber
of our weary weekly labor,
make this holiday a time we set aside
for our lips to be expressing
words of thanks and songs of blessing
as we share the best our tables can provide.

3. Let us turn off television,
bless the Lord for His provision,
tell the tales of life when Heaven met our need;
then, with hearts and hands upraising,
let our mouth be filled with praising,
as we make this Day a thankful one indeed!
