

THE RISEN CHRIST WITHIN

The DNA of Jesus Christ
Contained both Adams, old and New.
But after He was sacrificed,
Before He rose up from the tomb,
It wasn't only sin He slew. . . .
Upon that Cross, we also died:
Old Adam's nature met its doom!
Our sinful self was crucified!

The risen Christ now holds the place
of King of kings and Lord of lords!
He's Leader of a brand new race,
the firstborn Son of human flesh
immune to death's infernal cords.
His blood has quenched our guilt of sin,
but His indwelling starts afresh
Christ's resurrected life within.
