

WARNING!

Wake, awake and sleep on longer!
Serpent-coils grow tighter, stronger!

Flee perdition's primal act:
trusting lies arrayed as fact.
Chewing them will reenact
self and Satan's poison-pact.

Cry, cry out to God, your Maker!
Pray His help to fight the faker!

Now was not the time to know
hidden secrets demons show.
Though they glitter, gleam and glow,
loose your grip and let them go!

Break, break free of spells that bind you!
Plead the blood God shed to find you!

Grieve, repent the time you tossed
when the safety-line you crossed.
Claim again the ground you lost
for which Jesus paid the cost!

Turn, return to Christ the Savior!
Seek His gracious face and favor!

Don't confirm the devil's plot
from life's book your name to blot!
Treasure truths your heart forgot!
Dark the depths you dare, if not.
